OUR ACADEMIC DIRECTOR

YEO Wee Yong
PhD, Indiana University

Wee Yong is the Academic Director for the MSc in Finance programme. His research interests include financial markets and institutions, as well as REITs. He has clinched numerous teaching awards, and was placed on the NUS Annual Teaching Excellence Awards Honours Roll in 2017.

THE NUS MSc IN FINANCE

FOUNDATION & CORE COURSES		ELECTIVE COURSES / EXPERIENTIAL LEARNING		TOTAL
28	+	20	=	48 Units

The **Master of Science in Finance** programme is designed to groom recent graduates to address the substantial changes in the regulatory and institutional environments faced by the financial sector. Our curriculum leverages self-directed and experiential learning to provide you with a fundamental understanding of the industry, while instilling qualities for you to be resourceful and enterprising in exploring effective solutions. It is delivered over three semesters and provides students with an opportunity to complete an experiential learning course as an elective.

FOUNDATION (FIRST SEMESTER)

Aug - Nov | On Campus (12 units)

Foundation for the programme:

- Accounting for Finance Professionals
- Financial Modelling
- Introduction to Finance
- Statistics and Analytics in Finance

Essential Market Tools

We offer students hands-on experience with some of the industry-leading financial tools. **Bloomberg Market Concepts** and **Refinitiv Workspace certificates** will be included in selected foundation courses taught during the first semester. Equipped with these tools, students will develop skills and strengths that will give them a distinctive advantage in the competitive financial industry.

CORE (SECOND SEMESTER)

Jan - Apr | On Campus (16 units)

Essential knowledge and skills for a career in finance-related sectors:

- Applied Corporate Finance
- Foundation of Investments
- International Finance and Economics
- Options and Fixed Income

EXPERIENTIAL LEARNING

May - Jul | Optional (2 - 4 units)

Through an Industry Internship, a Corporate Consultancy Project, or a Faculty Research Project, you will be able to engage in analysing and problem solving. These corporate consultancy projects and internships will also enable you to acquire a variety of interpersonal and collaboration skills, particularly in understanding the impact of your actions on your colleagues and company.

ELECTIVES (FINAL SEMESTER)

Aug - Nov | On Campus (16 - 20 units)

Opportunities to explore areas that attract you in greater depth.

You will need to complete between four to five elective courses. You may choose to specialise in one of these areas:

- Corporate Finance
- Finance and Technology
- Investment Finance

*The curriculum is subject to changes. The University reserves the right to revise the curriculum.

LEARN FROM THE INSIGHTFUL EXPERIENCES OF OUR STUDENTS

The classes were meticulously structured, providing a balanced curriculum. During the initial semester, the focus was on establishing a strong foundation and acquiring fundamental knowledge of finance. As the semester progressed, the coursework delved into more intricate concepts, allowing for a deeper understanding of the subject. One notable course that stands out was the Statistics course where I learned coding. Despite having no prior coding experience, the course started from the basics and showcased how coding has become integral to the realm of finance.

Lee Seung Jae
South Korea, Class of 2024

NUS Business School has provided me the academic and professional tools to navigate this environment in a way that aligns with my career goals. I am excited to cater my elective coursework to my interest in investment finance and also leverage the vast career resources available to meet my professional objectives. It is the people, faculty, alumni, and my cohort that makes NUS unique. The energy and drive for excellence within the NUS community is inspiring and has pushed me to go above and beyond in all my endeavours.

Tanvi Modi
India, Class of 2024
